## INVESTORS FORUM

# The New Energy Economy & Adams County

How does Adams County and the region compare and compete with other states in the New Energy Economy? Colorado has fast become a leader in renewable energy innovation. What are the funding and regulatory issues? Learn about NREL's critical role and high-visibility profile for Colorado and Ascent Solar's new facility and the potential for jobs, profits and sustainability. Learn about the new *Colorado Clean Tech Industry Association* and the *CleanLaunch Technology Incubator*.
